ISLE OF SKYE BREWING CO.

SKYE RED 4.2 %

Malted barley is a vital part of the Scottish brewing tradition. We use three different varieties to create the deep colour and smooth nuttiness; each grain is milled right here in our brewery, giving us complete control over flavour and freshness. Then we balance this rich brew with just the right amount of Challenger and Fuggle hops.

SKYE GOLD 4.3 %

The taste of grain has always been a vital part of the Scottish brewing tradition. The result is an ale with the flavour of gentle hops, a creamy head and just the right amount of bitterness.

TARASGEIR 4%

Tarasgeir is brewed using peat-smoked malt from the Ardmore Distillery, imparting a delicate smoky aroma and wonderful burnt peat flavour to this unique craft beer, which lingers well into the aftertaste.

SKYE BLONDE 5.5 %

Made mainly with lager malt but with some pale ale, amber and caramalt too. Lightly hopped with a soft, lingering finish.

Blonde as the name suggests is a light craft beer with a mix of Lager malt, Pale Ale, Amber & Caramalt all brought together then lightly hopped to give a refreshing easy to drink Craft beer.

YOUNG PRETENDER 3.8%

Winner of 'Champion Bitter of Scotland 2016' Shimmering gold and refreshingly full-flavoured, Young Pretender is an ale to challenge received wisdom. Much like the Skye Brewery itself – very much an upstart in an industry sometimes reluctant to embrace the new.

SKYE CRAFT LAGER 4.2 %

This hand-crafted lager is brewed using; lager, maris otter, crystal and amber malts. These work in harmony with Saaz and a small amount of Centennial hops which gives a refreshing, flavourful and thirst quenching lager.

SKYE BLACK 4.5%

The colour comes from dark roasted barley, balanced with just the right amount of sweet, rolled oatmeal. We mill both right here in the brewery, giving us complete control over flavour and freshness. The true taste of malt shines through, balanced by the sweetness of pure Scottish heather honey.

SKYE IPA 5%

A clean golden bitter ale with an underlying biscuit flavour and zesty, zingy, citric aroma and aftertaste.

Skye Brewery's head brewster has come up with an imaginative blend of maris otter and crystal malts, dark caramalt and torried wheat, all working in harmony with Sorachi Ace hops, one of the rarest. A clean golden bitter ale with an underlying biscuit flavour and zesty zingy citric aroma and aftertaste.

CUILLIN BEAST 7%

Made with live yeast, this is our strongest ale. But it's also beguilingly sweet, fruity and smooth. Our promise: you'll live to tell of your encounter with the beast.

SKYE BLAVEN 4.7%

The ale started out in 1996 as a winter-only brew. However, the rich malty character and well-balanced hop aroma proved so popular, we decided to make it available all year round.

Creamy, full-bodied and smooth, Blaven is also somewhat deceptive – the strongest of our regular ales

Bon Accord Rhubarb Soda

Bon Accord Bona-Cola

When we relaunched the original Bona-Cola we didn't just revive a Scottish classic, we injected fresh fizz for Cola lovers. With zero artificial sweeteners and 100% natural flavours, Bona-Cola has depth, character and a familiar but unrivalled Cola zing that lingers on the lips for longer.

Bon Accord Light & Dry Tonic Water

Less fuss more fizz means our Light and Dry Tonic Water is free from flavour compromises with no added disappointments. Light and mellow with natural botanical extracts and hints of citrus, it enhances your favourite tipples and has no shortage of kindred spirits.

Bon Accord Tonic Water

If you've got spirit, we've got bubbles. Made with 100% natural quinine and only natural flavourings, our Tonic Water enhances your spirit with its clean crisp flavour and hints of citrus. It's the mellow mixer simultaneously bringing its own thing to the party and lifting the overall spirit.

Our lightly sparkling soda water is a refreshing, bubbly option as a mixer or on its own.
